BRIEF ABSTRACT OF LETTER.

Forwards for sanction a revised estimate for Rs 30000/- for water-supply to Kalasa town and states that the excess of Rs 6500 over the original sanctd amount of Rs 23,500 is solely due to the higher rates demanded for materials.

NOTES AND ORDERS.

Y

In G. O. No. 1904-07 / Mug 120-07-30 & 12-2-16 an estimate for Rs 23,500 was sanctd for water-supply to Kalasa town and the cost was directed to be met from the Temple and State Funds in the proportion of two-thirds and one-third respectively

3. The Ch: Engr now sends a revised estimate for Rs 30000/- and states that the excess of Rs 6,500 over the original estimate is solely due to the higher rates demanded for materials.

4. In requesting early sanction to the estimate, the Ch: Engr requests that the requisite funds may be transferred to his Deptt.

5. According to the revised estimate, the amount debitable to the temple is $\frac{2}{3}$ of Rs 30000 = Rs 20000. 2/3 of the original estimated amount viz, Rs 15666-10-8 is ascertained to have already been placed at the disposal of the P. W. D. (vide page 2 of the note in Mug 280-16) and the balance viz Rs 4333-5-4 has now to be transferred to the P. W. D.

SUBJECT

Letter No.11064 dated the 4th November 1916, from the Chief Engineer of Mysore, to the Secretary to Government, General Department.

With reference to Government Proceedings No.1904-7/ Muz.120-07 of the 12th February 1916, sanctioning an estimate amounting to Rs.23,500 for the water supply of Kalasa town, I have the honour to inform you that in accordance with the notification calling for tenders only one gentleman by name Mr. H.Reed of Manikere Estate, Kalasa, has tendered for the work. On examining his tender it is found that it exceeds the sanctioned estimate amount by Rs.5,268. As the estimate was prepared during 1912-13 and as the prices of materials have since been increased, the rates tendered by him for iron work are fair. Even in regard to earth, stone and masonry works, his rates are none too high, as Kalasa is an out of the way corner and all materials have to be carried by head loads from the main road. The Executive Engineer recommends the acceptance of this tender. The extra amount payable from the temple funds is Rs.2/3 × 5268 or Rs.3,512. I therefore request you will be so good as to state whether this extra sum can be made available from the temple funds. If not, orders may kindly be obtained as to how this extra amount is to be met.

As the price of iron articles is going up daily, I request the favour of early orders on the subject.

H.R.R.

Letter No.2788 dated the 17th March 1917, from the Chief Engineer of Mysore, to the Secretary to Government, General Department, Bangalore.

Adverting to your letter No.1193/Muz.280-16-2 dated the 17th November 1916, stating that the two-thirds of the additional cost involved by accepting the only tender received for the water supply to Kalasa town can be made available from the temple funds, I have the honour to forward herewith, for favour of formal sanction, a revised estimate amounting to Rs.30,000 for the work.

2. The excess of Rs.6,500 over the original sanction is solely due to the higher rates demanded for materials, as already explained in this office letter No.11064 dated the 4th November 1916, and as may be seen from the comparative statement appended to the revised estimate.

3. The favour of early sanction to the estimate is requested. The requisite funds may also be transferred to this Department.
